Behaviour Management During the Coronavirus (COVID-19) Pandemic

Statement of intent

The school aims to act in accordance with the Behavioural Policy set out above as much as possible; however, we understand the necessity for additional rules and considerations while the school observes social distancing and infection control guidelines. This appendix sets out what additional actions the school will take when phased reopening begins.

The information in this appendix is under constant review and kept updated to reflect any changes to national or local guidance.

- 1.3 The school informs parents of any changes to provision outlined in this policy.
- 1.4 The school expects children to uphold these rules at all times.
- 1.5 Staff are informed of discipline and rewards in place to aid enforcement of these rules in line with this policy.

- 1.6 Where required, staff explicitly teach and supervise health and hygiene arrangements, e.g. handwashing, tissue disposal and toilet flushing.
- 1.7 The school recognises that children may be supervised or taught by members of staff they are not very familiar with; however, children are expected to treat all members of staff with respect and work together to maintain a safe environment.
- 1.8 The school expects children in wrap-around care, e.g. breakfast clubs, to adhere to the school's social distancing and infection control rules.

- 2.3 The school expects children to move immediately to their classrooms after washing their hands upon arrival.
- 2.4 Upon departure from school, the school expects children and parents to move immediately from the school buildings and not to linger on the school premises without good cause, e.g. they are waiting to be picked up.

3. Hygiene and infection control

- 3.1 The school ensures a risk assessment is conducted prior to reopening to more children in order to enforce adequate and practical measures to safeguard the health and safety of both staff and children.
- 3.2 The school understands that younger children cannot be expected to remain two metres apart from others at all times and takes this into account with regards to discipline and giving rewards.
- 3.3 Younger children should stick to their class groups and avoid mixing as much as possible – staff reinforce this behaviour through teaching, rewards and supervision.
- 3.4 Children are expected to wash their hands for at least 20 seconds with soap and water, and/or alcohol-based hand sanitiser:
 - Upon arrival at and departure from the school.
 - Before and after consuming food.
 - After using the toilet.
 - After coughing or sneezing.
- 3.5 Children are expected to maintain good hand and respiratory hygiene at all times while in school, to the best of their ability.
- 3.6 Children are expected to dispose of tissues using the lidded bins provided.
- 3.7 Children are expected to use infection control provisions responsibly, e.g. using hand sanitiser as directed.

- 3.8 Children are discouraged from sharing equipment or toys which pose a higher risk of infection, e.g. play dough.
- 3.9 The school prohibits children from spitting, biting, purposefully coughing in another person's vicinity, or other behaviours that increase the risk of spreading infection, e.g. purposefully disposing of soiled tissues in an unsafe manner.
- 3.10 Children whose behaviour is purposefully contrary to the infection control measures in place will be disciplined in line with this policy.
- 3.11 Children who are deemed unable to fully adhere to infection control rules, e.g. some children with SEND or younger children, are not disciplined for poor behaviour in this regard – positive behaviour is reinforced using praise and rewards.
- 3.12 Members of staff encourage children who are deemed unable to fully adhere to infection control rules to practice good infection control behaviours to the best of their ability, through teaching, praise and supervision.
